Email : thisara@nibm.lk

PROFILE

I am a dedicated Software Engineering student at the National Institute of Business Management, pursuing a Computing Degree. I have hands-on experience in Java, Kotlin, and Flutter for mobile app development, as well as web design. 'm seeking an internship to enhance my skills and apply my knowledge professionally. My versatility with programming languages and platforms makes me a motivated candidate for IT positions.

EDUCATION

Undergraduate of Computing   2023 - Present
NIBM | Coventry University
GPA: 3.8 / 4.0

Higher National Diploma in Software Engineering   2022 - 2023
NIBM
GPA: 3.78 / 4.0

Diploma in Software Engineering   2021 - 2022
NIBM
GPA: 3.82 / 4.0

PROJECT

CRIC 11 CRICKET APP - Flutter
Developing a mobile application for watching live score of the matches. Especially providing opportunity to predict the Sri Lanka cricket 11 squad, Man of the Match, Team score etc.

Hospital Management System - Spring Boot & React
Mainly focus on the security features of the hospital management system.

Five Game gaming System - Spring Boot & Flutter
Developed a gaming system using Graph, Sort, Tree, Linked List and Greedy algorithm.

E-COMMERCE APP UI - Flutter
Developed a user interface of e-commerce application using dart language.

BUS BOOKING WEB APPLICATION - Node.js & React
Design and implemented a platform to view bus timetable, reserve tickets and download the ticket. Deploy the application in the Google Cloud.
